January 11, 2010

Dear Plan Participant:

The Board of Trustees is excited to inform you of the recent selection of CIGNA Dental Care as the Fund's new Dental HMO (DHMO), provider. The new plan is effective February 1, 2010. However in order to utilize the benefit you & your eligible dependent(s) must first select your network dentist. (This will be the office that you receive dental services from.)

Enclosed with this letter is your enrollment information package which includes a Directory of Network Providers and Patient Charge Schedule. Please read the information thoroughly as it contains important information about how to access and utilize the new dental plan, while minimizing you're out of pocket cost.

Within the next few days you will receive your Dental identification card. Once you receive your card you must select your network Dentist, call CIGNA at **1-800-CIGNA24 (1-800-244-6224)**. **You must select your Dentist by January 19, 2010 to be eligible for services.**

Remember you will not be able to utilize the new plan without first selecting a network dentist.

The new plan becomes effective on February 1, 2010. If you are currently receiving treatment, the Fund will continue to reimburse you for services or treatment received prior to the new plan effective date at the Fund's current reimbursement schedule. **The Fund will not reimburse for any services dated after the new plan begins or for services received outside of your selected CIGNA provider.**

The new Dental HMO (DHMO) through CIGNA will provide you and your eligible dependent(s) with greater access to a quality network of dental providers with no claim forms to complete no deductibles or dollar maximums.

If you have any questions after reviewing the enclosed material please contact; **Member Services at 1-800-CIGNA24 (1-800-244-6224) or the Fund office.**

Sincerely,

The Board of Trustees
District Council 1707 Health & Benefit Fund
